

Office of the Prime Minister
80 Wellington St
Ottawa, ON K1A 0A2

Date: _____

Dear Mr. Harper

In these tough economic times, when people are losing their jobs, some are losing their houses and all Canadians are worried about their futures, I am upset that your government is still funding the Canadian Gun Registry system which I consider to be a bottomless pit that does not work. This money would be better spent on Police Services or health care. Please have sections 91 and 92 deleted from the firearms act and close the registry.

Signed
